

BOPS-MC

5.5" DECO STEEL BOLLARD

Often used in new layouts, the BOPS-MC protective safety steel bollard provides adequate protection for a sidewalk projection to ease traffic. From an aesthetic point of view, it is also used to delimit a zone reserved for pedestrians while remaining inaccessible to vehicles. The safety bollard is installed in concrete (on a concrete sidewalk projection) to be a installed with a 450 mm (17.7") steel carvel sleeve.
